

MOBILE SERVICE

Because You Have Customers Too

Is downtime for truck service and repairs impacting the service you provide to your customers?

Today every resource and every minute counts! With Idealease **Mobile Service** you can schedule Preventive Maintenance when your vehicles are not operating—during off hours or on weekends—at your locations.

Our fully equipped and stocked Mobile Service vehicles and expert service technicians bring the best routine and Preventive Maintenance service in the commercial truck industry to you. Idealease Mobile Service trucks go where and when you need them to keep your vehicles on the road, and your customers satisfied with your service.

IDEALEASE MOBILE SERVICE FEATURES:

✓ **HIGHLY SKILLED SERVICE TECHNICIANS**

Mobile Service units are operated by highly skilled and factory-trained technicians who have the knowledge, equipment, and parts to conduct thorough vehicle inspections, perform Preventive Maintenance, and complete minor repairs found at the time of PM on site. The Mobile Service technician becomes an extension of your operation—working hand-in-hand with you to maximize vehicle uptime and reduce costs.

✓ **FULLY EQUIPPED AND STOCKED SERVICE VEHICLES**

Each Mobile Service vehicle includes basic features that make it versatile and capable of supporting a wide variety of maintenance and repairs.

✓ **ENVIRONMENTALLY SAFE**

Idealease Mobile Service vehicles are built to be environmentally safe with quick connects and an oil evacuation system that transfers oil directly from the engine to a secured waste oil tank.

** Mobile Service does not eliminate the need for trucks to come to the shop for major repairs, repairs requiring equipment and tools located at the shop, or repairs needed between PMs that do not down the truck for DOT out-of-service violations.*

Mobile Service Benefits:

- **Convenience** – Schedule PM service where and when you need it with no need to shuttle drivers
- **Service expertise** – Professionally trained Idealease technicians
- **Efficiency** – Preventive Maintenance and minor repairs found at time of PM performed on site
- **Reduced costs** – Save time and money not moving vehicles to and from service locations
- **Productivity** – Optimize drivers' available hours of service
- **Environmentally safe systems and processes** – No-spill oil change system, green oil evacuation

Every Mobile Service vehicle includes:

- Oil, lube, and cooling supplies
- Evacuation systems
- Stocked maintenance parts: belts, filters, wiper blades, and bulbs
- Trailer connection testing for lights and signals
- On board air compressor, welding equipment, and generator
- Refrigeration tools and parts
- Fully equipped technician toolbox
- Computer to perform on-board vehicle diagnostics
- Exterior lights to illuminate the vehicle at night
